With Clothing? If you are not, we are. The difference between us is this: You have it to make the cought to be added to much. It's a condition of things which shouldn't oxist; it's a trifle one-sided, and thore ought to be a distribution to equalize matters. See if we can't come to terms all that can possibly stand in the way is the matter of price. That isn't an in surmountable obstacle. Have you figured out what you can afford to pay? Have you figured up what you think you ought to pay? If you have, no matter how low your estimates are, we think we with Clothing? If you are not, we are. The difference between us is this: You haven't enough, and we have too much. It's a condition of things which shouldn't how low your estimates are, we think we
